NUMBER 149

## SEVERE STORM

El Reno, Ok., Sept. 22.—The hardest wind, rain and hail storm in years passed over this section between 8:30 and 9 o'clock tonight. Damage to property is confined to El Reno, so far as reported, and consists principally of the destruction of small buildings, tents and other property belonging to the Parker Amusement company, which opened here yesterday as a feature of the home products show. The damage is approximately \$10,000.

Tents, poles, lumber, fixtures and paraphernalia were swept along the

streets to swoop upon the city in an instant and without warning. A blinding torrent of rain and a fusillade of hail accompanied. Several thousand people were on the streets when the storm began. Hundreds were drenched before they could reach shelter and a few were injured by pelting hail stones.

### Gun Explodes on French Battleship.

Toulon, France, Sept. 22.—During gunnery drill today one of the big turret guns on the French armored cruiser La Touche Treville exploded with terrific violence, completely wrecking the after turret and killing outright the entire gun crew of 13 men. A number of men were seriously injured, some of them fatally.

## BRYAN TO ROOSEVELT

Detroit, Mich., Sept. 22.—William J. Bryan this afternoon telegraphed President Roosevelt, demanding that he furnish proof that Governor Haskell of Oklahoma, treasurer of the National Democratic committee was ever in any way connected with the Standard Oil, and that the Standard Oil was backing the Bryan campaign.

These telegrams says that President Roosevelt endorsed the charges made against Haskell by Mr. Hearst that Haskell at one time attempted to bribe Frank Monnett, ex-attorney general of Ohio.

The Bryan telegram was prompted by President Roosevelt's utterance of yesterday, when he said the defeat of Taft would bring "lasting satisfaction to but one set of men, namely to those men who as shown in the correspondence published by Mr. Hearst, were behind Mr. Foraker, the opponent of Mr. Taft, within his own party and who now are behind Governor Haskell and his associates, the opponents of Mr. Taft in the opposite party."

add bryan  
Guthrie, Ok., Sept. 22.—Governor Haskell today expressed himself as highly pleased with the defense of Mr. Bryan in answer to the letter from President Roosevelt referring to the Hearst charges against the governor. He said that he had intended making public answer to Hearst but that he considered such action unnecessary. He does not consider it imperative to supplement Mr. Bryan's statement.

"It would be an impropriety for me to answer Hearst after Mr. Bryan so promptly took the matter up," he said. "I thoroughly appreciate the attitude. He took the words out of my mouth. Mr. Hearst's position is absurd. He says that I am not worthy of his steel. Then why did he consider me in the light of attacking me. Queer logic."

Mr. Haskell announced that he would leave next week for a campaign tour in Ohio. He will visit his native town, Ottawa. "I will be gone some time," he said, "unless, of course Dennis Flynn wants another joint debate. He need give me only 48 hours notice and I'll be back."

The governor tonight received a message from national democratic headquarters at Chicago confirming Mr. Bryan's statement. He heard nothing direct from Mr. Bryan himself.

## DROWNED

Seattle, Wash., Sept. 22.—Advices received tonight from Alaska by the U. S. signal corps say that 110 men, including nine whites, were drowned in the wreck of the American bark Star of Bengal on Coronation Island, west of the Prince of Wales archipelago. Twenty-seven of the vessel's crew and passengers were saved.

The Star of Bengal belonged to the Alaska Packers' association and was on her way from Fort Wrangel to San Francisco with a cargo of 45,000 cases of salmon.

In addition to her crew she carried 100 Chinese and Japanese who were employed in the canneries of the company, taken aboard at Fort Wrangel.

The Star Bengal was being towed to sea by two tugs and was blown ashore on the west shore of Coronation Island. The tugs were obliged to abandon her in order to save themselves.

CONFESSES TO MANY CRIMES.  
Young Society Man Says He Committed Serious Offenses.

San Francisco, Cal., Sept. 22.—Charles Boyle, a former student at Stanford University, son of Henry Boyle, a millionaire property holder of Seattle and Oakland, and a member of a family conspicuous in the most exclusive circles of San Raphael, it is alleged, has made a confession to a number of crimes committed in Marion county last spring. He admitted that he held up fifteen men at San Raphael and seri-

ously wounded a constable, that he attacked a young woman with a club and pursued another and is guilty of many offenses which for a time terrified that usually quiet community.

## FIRES RAGING

Ashland, Wis., Sept. 22.—A thousand small fires surround Lakes Superior and Huron and northern Lake Michigan. Captains of vessels arriving from the Minnesota shore give details of many unreported fires in which homesteaders were burned out.

Four miles southwest of Ashland every farmer near the Bayfield road, with their families, are fighting fire, hauling water and trying to save their homes. Mrs. Swan Hegstrom, one of the fire fighters, lost her way and had a terrible trip through smoke and fire.

The village of Grand View on the Omaha line, near Mason, is cut off from communication, its fate being problematical.

Extensive fires are starting up on the Bad river Indian reservation and fire can be seen in all directions.

CHAIRMAN MACK MAKES DENIAL.  
Says That the Democrats Will Not Accept Corporation Money.

New York, N. Y., Sept. 22.—Norman E. Mack, chairman of the democratic national committee addressed a telegram to President Roosevelt today in which he denied flatly that statement contained in a reported interview between Timothy L. Woodruff, chairman of the republican state committee and the president, which was printed by a local paper today.

The controversy related to Roosevelt's statement regarding \$300,000 alleged to have been turned to the democratic fund from the campaign of 1904.

After dispatching the telegram Chairman Mack said:

"I want to say that the democratic national committee has not received \$300,000 before or after I took the office of chairman, nor has Treasurer Haskell or any member of the committee any such sum. Neither the Standard Oil company nor its subsidiary company or officials have contributed one cent, nor have they been asked to. Furthermore the national committee will not accept one cent from the Standard Oil Company or any corporation seeking special privileges."

## Farmers State Bank Enlarged

The Directors of this Bank take pleasure in making the announcement to the public that a Savings Department has been added to the Farmers State Bank. We wish in this connection to publicly express our appreciation of the confidence which the business and professional men of Ada and Pontotoc county repose in the management of the bank by transacting their business through this bank.

But we especially invite the attention of the small depositor and those who have no bank account to our Savings Department. Pay all your bills by check. Have you stopped to consider the many advantages of transacting business in this manner? Every check issued by you is returned at the end of each month and is a receipt for money paid. If you have only ONE DOLLAR come to this bank and start a bank account. Small accounts receive the same careful attention as the larger ones. When you think of a bank, remember that the only bank in Ada that guarantees every dollar, and ONE HUNDRED CENTS ON THE DOLLAR, is the

## MEDICAL BILL NOT LOST.

Was Printed in Ada News Office.

Guthrie, Ok., Sept. 22.—Milton Bryan of Shawnee, member of legislature codifying committee, today gave out a statement denying the charge by republican correspondents that the medical practice bill had been lost. He says three thousand copies have been distributed throughout the state. The bill was copied by the codifying committee but was left out by mistake. The error has been corrected. Mr. Bryan characterizes the charges as false

The medical bill referred to by republican correspondents, as being lost, was printed some time ago by this office and forwarded to the secretary of the medical board.

Get In Jail While After Sweetheart.

Mounds, Ok., Sept. 22.—In quest of his sweetheart, whose father held serious objection to his associating with, James Rambo found a jail cell

awaiting him at Sherman, Tex. He carried a revolver with him, fearing combat with the young lady's father, and was arrested in Sherman on the charge of carrying concealed weapons. Unable to pay a fine of \$100 assessed against him Rambo went to jail.  
"I love a young lady who lives in the same community with me and I am sure my love is reciprocated," said Rambo in his cell. "We would have been married some time ago but her father objected and in order to prevent our meeting brought her to Sherman to place her in a boarding school. I came down here in the hope that I might outwit the father and get the girl, intending to get married in Sherman if possible. I had the pistol because I feared her father would not hesitate to shoot me."

**Wild Man at Bartlesville.**  
Bartlesville, Ok., Sept. 22.—The mysterious man in Black, who is supposed to be insane and roaming the Caney valley between Dewey and Bartlesville, made an attack on Mrs. D. Metcalf and Miss Olga Buck in West Bartlesville last night. Mrs. Metcalf and her guest were sitting on the front porch of the Metcalf home when the man came out of a field of Kaffir corn nearby and ran toward the women. They saw him coming across the yard and began to scream for help. Their cries were answered by F. M. Stewart, a neighbor, who ran to their assistance. When the man in Black saw Stewart he turned and ran back toward Caney river. Stewart followed him a short distance, but was unable to overtake him.

**Elopes With Young Girl.**  
Keota, Ok., Sept. 22.—The 15-year-old daughter of John H. Smalle has been missing since Saturday and the father believes that she has eloped with John Bryant, 40 years old. A search is being made by the authorities and the couple are believed to have gone to Oklahoma City.

## THE BIG SHOW HERE.

Sells-Floto Big Circus Arrived Late On Account of Damages Received in Storm Last Night.

"Whoopie! She's shore here, boys. Have you seen the elephant?" Yelled a kid who had come in from the country to see the circus. And the show is here, but on account of a terrific storm at Holdenville last evening, there was occasioned some delay in getting on the cars, and as a consequence, the two long trains of cars did not arrive here until after nine o'clock. A gentle rain was falling when they arrived, but the work of unloading was begun immediately, and in a very short time the show grounds began to look very much alive.

As the evening performance ended at Holdenville last night, the storm came up and the people preferred the shelter of the tent to the rain and wind outside, insisted upon staying, and were enveloped in the huge canvass when the gust of wind struck. A showman had a limb wrenched, and several spectators were injured, but none seriously. The damage to the tent was quite serious.

Because of the general delay in the arrival, etc., the parade did not occur until 1:30 at which time the streets were literally lined with

people. The crowd is not near so large, however, as was expected, as the threatening weather kept many country people away. The town people are out though, everyone of them.

The evening performance will occur at 8 p. m.

Considering the time of the season and unpropitious weather, the Messrs. Sells-Floto gentlemen will take from Ada a good swag, but they will leave behind remembrances among the grown ones as well as the children, which will count more than the measly dollars taken.

These big shows are great equalizers. When they come, the whole people become kin. The whiskey peddler and the minister, the great moralists and the drunkards, the banker and the poor fool with an overdraft, all sit side by side and for a time being purify their hearts in forgetfulness of who is poorer and richer and better than thou. It is the sight of the usual and the laugh that comes from the way down part of the heart, that part that remains as in child life, which brings the unalloyed laughter, that without deception and which after the price of a ticket is gone, leaves something better behind.

## How to Get Strong.

P. J. Daly, of 1247 W. Congress St., Chicago, tells of a way to become strong: He says: "My mother, who is old and was very feeble, is deriving so much benefit from Electric Bitters, that I feel it's my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints.

## Deafness Cannot Be Cured

by local applications, as they cannot reach the disease portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

## Heart Strength

Heart strength, or Heart Weakness, means Nerve strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and failing Hearts. Dr. Shoop first sought the cause of all this painful, palpating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds; it strengthens; it offers real, genuine heart help. If you would have strong Hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

### NO HARD STRUGGLE. Many An Ada Citizen Finds the Struggle Hard.

With a back constantly aching, With distressing urinary disorders, Daily existence is but a struggle. No need to keep it up. Doan's Kidney Pills will cure you. Ada people endorse this claim: Mrs. Chas. Barrier, living on West 7th and Cherry Sts., Ada, Ok., says: "For a long time my husband was troubled with severe pains through the small of his back. Occasionally he had such sharp twinges that he could hardly refrain from crying out. Bending and straightening would always intensify his suffering. The kidney secretions were also irregular in action. These symptoms led him to believe that his kidneys were disordered and learning of Doan's Kidney Pills, he procured a box at G. M. Ramsey's drug store. He took them according to directions, and the trouble entirely disappeared. He has had no return of kidney complaint since, and consequently thinks very highly of Doan's Kidney Pills." For sale by all dealers. Price 50 cents. ### Despondent Girl Takes Own Life.

Perry, Ok., Sept. 22.—Miss Grace Crawford, aged 21, committed suicide here yesterday afternoon by shooting herself through the heart with a 32 calibre revolver. The deed is said to have been committed in a fit of despondency caused by brooding over the death of her mother, which occurred recently. She held the muzzle of the revolver directly over her heart, as could be seen by the powder burns caused by the discharge of the weapon.

## REPUBLICANS ARE SCARED

POPULARITY OF BRYAN AND THE  
DRIFT IN HIS DIRECTION  
CAUSE GREAT ALARM

## PARTY PRECEDENTS ARE ALL ABANDONED

Announcement that Taft Will Go On  
the Stump Instead of Following the  
Policy of McKinley is a Confession  
of Weakness

In 1896 when Mr. Bryan was a candidate for president, the republican newspapers all over the country ridiculed him for making a speaking campaign, declaring that to go before his fellow countrymen and personally express his views on public questions was undignified in a presidential candidate. Columns were written about the dignified and statesmanlike manner in which William McKinley received the visiting delegations from over the nation, speaking only from his front porch in Canton, Ohio.

In the opening of the present campaign, the republicans announced that the dignified, statesmanlike policy of McKinley would be the role of candidate Taft. Ample preparations were made at the Taft home in Cincinnati to accommodate the thronging thousands on the front lawn. The thousands failed to come. The blue grass and shrubbery in the Taft front yard remained absolutely unmolested by the plebeian heels of the American electorate. The republican campaign managers bethought themselves of Mahomet and his one time experience with a mountain. If the free and independent American voters will not come to the mountain of flesh and aristocracy whom Roosevelt has designated as his heir apparent, then, forsooth, they will take the mountain to the voters.

Past party precedents count for nothing. Dignified statesmanship fails to draw public acclaim this year and the republican managers in the fact of apparent defeat, are staking the entire campaign on a last desperate chance. They are going to bring forth their Fetish and expose him to the eyes of the vulgar populace, with the hope that his massive form and genial countenance will inspire the confidence which his record of past political performance has failed to arouse with the voters.

### SPECIALIST OR NOVICE

Who is best fitted to put into effect the reforms which the people of the United States are demanding in governmental affairs? The man who has advocated these reforms for the past twelve years, and has done more than any individual to bring the people to see the necessity of such reforms, or the man who didn't discover until after he was nominated for president that there were any reforms needed?

Bryan has been advocating the income tax for fifteen years. He has favored the direct election of United States senators for twelve years. He has preached publicity of campaign contributions in every state in the union for eight years. He has opposed Government by injunction and the unjust interference of the federal courts in labor disputes for twelve years.

Taft was nominated by a convention which refused by a vote of ten to one to adopt a plank favoring the direct election of United States senators, and Mr. Taft himself has not yet fully made up his mind on this question, but says in his letter of acceptance that he is "inclined to favor the idea."

The republican platform rejected a campaign contribution publicity plank by a vote of ten to one, but Mr. Taft says he thinks it might be all right to tell where they got the money—after the election. Mr. Bryan has directed his campaign manager to publish a full and complete list of all contributions and expenditures of the national committee at least ten days before the election.

Taft, while on the federal bench, rendered an opinion which gave him the nickname of "Injunction Bill," and this opinion is generally conceded to be the father of government by injunction in the United States. He reiterated the idea expressed in that opinion, on August 24, 1907, when he said in his speech at Oklahoma City, "but it is said that it denies to the workingman, the man who is enjoined, the right of a trial by jury. It does not deny him anything of the sort; he never was entitled to the right of a trial by jury in an equity case."

### POOR MEN LOOK TO BRYAN.

John W. Hall, writing to the New York World, has the following to say as to his political views:

"Four years ago I voted for Roosevelt, but today Bryan is the man who stands for the rights of all the people. He has finally risen to the heights of the true and new Democracy and the champion of the old. The poor man has not had a friend in the white house since Lincoln died; today he looks to Bryan.

"Tis many a day since Lincoln died But now today hope, angel eyed,  
Sits down beside the poor man's door;

Today springs promise in the west,  
Springs like a flower from prairie sod;

Emblem of truth on his broad breast,  
On the broad brow the sign of God."

The old chestnut was exploded about the first of November of last year when the worst panic in the history of the country was precipitated after eleven years of unbroken Republican control of every branch of the national government.

Mr. Bryan is a democrat in the broadest sense of the word. He believes in the people. He feels that they may be trusted. He commended the Initiative and Referendum in the Oklahoma constitution and suggested the motto, "Let the people rule."

How about that Republican full dinner pail? Have they got it busy feeding the twenty-two thousand and skilled mechanics which Senator Jos Foraker declared the other day in a public speech were out of employment in the city of Cincinnati alone.

Many Oklahoma democrats who have been voters for years will have their first opportunity this fall to cast a ballot for president of the United States. They are going to do it too, and despite the attempts of the republican campaign managers to keep down interest, the democratic vote in Oklahoma will be increased this year instead of diminished.

From this trend of mind, Mr. Bryan, in considering the bank deposit guaranty law, is naturally impelled to study the question from the view point of the man outside the teller's window. He realizes that it would be a good thing to have a law which would prevent the depositors of any bank from losing all their hard earned savings in a bank failure. He believes that it would be better to have the burden of the bank losses to fall on the men who profit by the business and for that reason, he favors the guaranty law.

Bryan has been the best friend that Oklahoma ever had. Throughout the entire country, they refer to Oklahoma as "Bryan's Baby State." Bryan doesn't deny the parentage, and misses no opportunity to express his pride in Oklahoma and her democratic government. Oklahoma democrats will be given their first opportunity this fall to repay Mr. Bryan for what he has done for Oklahoma. Every democrat worthy of the name will go to the polls at any sacrifice in order to make absolutely certain and sure that Oklahoma's seven electoral votes will be cast for the "Great Commoner."

Ninety-eight out of every hundred voters in Oklahoma believe in the bank deposit guaranty law. Its practical operation in Oklahoma for more than six months has demonstrated its feasibility, and yet the Republican newspapers and Republican campaign managers are now attacking the law, declaring that it doesn't really afford protection to the depositors. The solution to this is easy. Joe Norris wants money for the National Republican committee to re-elect Bird McGuire to congress in the First District. The national Republican committee want some ingeniously contrived lies discrediting the bank deposit guaranty idea. There's the solution in a nutshell.

### BETRAYING OKLAHOMA

In their mad zeal to defend the national republican platform and the republican candidate for president, the partisan republican newspapers of Oklahoma are traducing and vilifying the laws and government of their own state. An instance in point is an article in the Oklahoma State Capital opposing the bank deposit plank of the national democratic platform, in the course of which the following language is quoted from the Aurora, Illinois, Beacon:

"Oklahoma! Why shouldn't Bryan stick to her? She gave him the deciding vote that swept him from a small newspaper job into a position of affluence. She provided him the opportunity to let loose his floods of oratory upon the eighty million people of the United States instead of a few hundred delegates at a national party convention. To-day she looks to him as the soul of her body, the fount of all her blessings, the man who provided the wind for her sails up the stream of paternal government."

"Mr. Bryan's bank guaranty ideas are suitable to business conditions in Oklahoma whose population is largely half-breed Indians and negroes."

What do the people of Oklahoma think of a political party whose newspapers and speakers have to resort to such villainous misrepresentations of the entire population of a state in order to bolster up their waning cause? How infinitely more execrable the newspaper of Oklahoma that would reproduce this vicious calumny.

### ORDINANCE NO. 149.

An Ordinance Relating to Sidewalks and Sidewalk Building in the City of Ada.

Be it Ordained by the Mayor and Councilmen of the City of Ada:

Section 1. All sidewalks hereafter constructed upon the streets or avenues of the city of Ada, shall be of brick or concrete. If brick is used, the same shall be of good semi-vitrified brick and laid in broken joints, and where the walk does not extend to the curb-line, bricks shall be set up on edges on the inner and outer edges of said walk to retain the same in place. If concrete is used, the materials used in its construction shall be fixed and laid in conformity with the specifications set forth hereinafter. All walks shall be laid flat. In the business districts, the said walks shall extend from curb-line to property line, and in the residence districts, they shall be four feet in width, the exact location of which shall be determined by the city engineer and the sidewalk committee.

Sec. 2. All sidewalks extending to the curb-line, shall be curbed on the outer edge with stone or concrete, said stones or concrete to be not less than five inches thick on top and beveled one inch to the feet in height and shall not be less than one foot in the ground from the bottom of the gutter.

Sec. 3. In excavating for a brick walk, the ground shall be brought to a sub-grade not less than four inches below the finished grade of the walk and said subgrade shall be thoroughly tamped if necessary to afford a solid foundation. Upon this sub-grade shall be spread a course of clean, sharp sand two inches deep, which shall be properly tamped to a true plane parallel with finished grade. Upon this course shall be spread a second course of clear fine sand not less than one-half inch deep in which to bed the brick. Upon the second course of sand a course of brick shall be laid, face up, with joints properly broken, said course of brick to be properly tamped so as to bring same to the finished grade of the curbing.

Sec. 4. In excavating for concrete sidewalks, the ground shall be brought to a sub-grade of not less than four inches below the finished grade of the walks, and said sub-grade shall be thoroughly tamped if necessary to afford a solid foundation. Upon the foundation shall be placed a course of concrete not less than three and one-half inches deep, same to be composed of one part Portland cement, two parts clean sharp sand, and four parts of crushed limestone or gravel, size not less than one-fourth greater than three-fourth inches dimensions. The concrete shall be tamped in a manner satisfactory to the city engineer or assistants under him. The concrete shall be built in sections not to exceed twenty feet superficial area, and the space inside the forms shall be subdivided by a sheet of iron three-eighth inch thick, which shall be withdrawn after the tamping is completed and before the concrete sets, providing expansion room. After proper tamping and while the concrete base is still green, a wearing surface shall be spread over the same to a depth of not less than one-half inch thick, same to be composed of one part Portland cement, and two parts clean, sharp sand. The Portland cement used in the sidewalk construction shall be of good marketable material, acceptable to the city engineer and the sidewalk committee.

Sec. 5. No person, firm or corporation shall put down or construct any sidewalk in the city of Ada, without first having received a permit therefor, from the city clerk, issued and payable in the same manner as other building permits are issued.

Sec. 6. All sidewalks hereafter constructed in the said city shall be built on the grades established by the city engineer; and the said engineer shall have the power to have any sidewalk taken up when the same has not been constructed in conformity therewith.

Sec. 7. The city engineer and the sidewalk committee are hereby authorized to permit plank sidewalks to be constructed over drains, ditches and other water course, where the building of concrete or brick sidewalks is impracticable, the permit issued by the city clerk therefor, to be approved by the said engineer.

Sec. 8. Any person, firm or corporation who shall build or construct any sidewalk in the city of Ada, except in compliance with the specifications and conditions set forth in this ordinance, shall be deemed guilty of a misdemeanor, and upon conviction in the police court, shall be fined in any sum not exceeding fifty dollars.

Sec. 9. That this ordinance shall go into force and effect from and

after its passage, approval and publication.

Passed by the council, this the 21st day of Sept. A. D., 1908.

Approved by the Mayor this, the 21st day of Sept. A. D., 1908.

GEO. A. HARRISON, Mayor.

Attest: W. B. JONES, City Clerk.

Published Sept 22, 1908.

### ORDINANCE NO. 150.

An Ordinance Creating and Establishing a Special Engineering Fund in the City of Ada.

Be it Ordained by the Mayor and Councilmen of the City of Ada:

Section 1. That a special fund to be called the "Engineering Fund" is hereby created and established in and for the city of Ada, Okla., the same to be used in the payment of the expenses incurred by the engineering department of the said city.

Sec. 2. That as a basis for the foregoing and aforesaid fund, there shall be charged a commission of two and one-half (2 1-2) per cent on the total estimated cost of all public contracts made by the city of Ada, which said commission shall be paid by the contractor undertaking to do the work, and which shall be deposited with the city treasurer to be used in defraying the expenses of the city engineer's salary, and for other and proper expenses of the engineering department; that all sidewalk contractors shall be charged two cents per lineal foot on all sidewalk put down by them, which said amount shall be paid to the city treasurer and by him placed to the credit of the engineering fund aforesaid to be used as aforesaid.

Sec. 3. That as an additional source of revenue to the said fund, the city engineer shall be paid for work done in said city, as follows: Surveying and staking at corners of 50-foot lots, \$5.00, and each additional lot \$1.00. Giving sidewalk grade at several corners of blocks, \$1.00. All other miscellaneous work at \$2.00 per hour.

Sec. 4. That it shall be unlawful for any contractor to enter into the execution of any public contract, and for any sidewalk contractor to lay any sidewalk, without first having paid the fees, or commissions, as set forth herein. Any person, firm or corporation violating any provision of this ordinance, shall be deemed guilty of a misdemeanor and shall be fined in any sum not exceeding fifty dollars.

Sec. 5. That this ordinance shall go into force and effect from and after its passage, approval and publication.

Passed by the council this, the 21st day of Sept. 1908.

Approved by the Mayor, this the 22nd day of Sept. 1908.

GEO. A. HARRISON, Mayor.

Attest: W. B. JONES, City Clerk.

DEVOTED TO MAKING ADA A LARGER AND MORE PROGRESSIVE CITY

VOLUME 5

ADA, OKLAHOMA, WEDNESDAY EVENING, SEPTEMBER 23, 1908

NUMBER 149

## SEVERE STORM

El Reno Ok, Sept 22—The hardest wind, rain and hail storm in years passed over this section between 8:30 and 9 o'clock tonight. Damage to property is confined to El Reno, so far as reported and consists principally of the destruction of small buildings, tents and other property belonging to the Parker Amusement company, which opened here yesterday as a feature of the home products show. The damage is approximately \$10,000. Tents, poles, lumber, fixtures and paraphernalia were swept along the

streets to swoop upon the city in an instant and without warning. A blinding torrent of rain and a fusillade of hail accompanied. Several thousand people were on the streets when the storm began. Hundreds were drenched before they could reach shelter and a few were injured by pelting hail stones.

**Gun Explodes on French Battleship.**  
Toulon France Sept 22—During gunnery drill today one of the big turret guns on the French armored cruiser La Touche Treville exploded with terrific violence completely wrecking the entire turret and killing outright the entire gun crew of 13 men. A number of men were seriously injured, some of them fatally.

## BRYAN TO ROOSEVELT

Detroit Mich, Sept 22—William J. Bryan this afternoon telegraphed President Roosevelt, demanding that he furnish proof that Governor Haskell of Oklahoma, treasurer of the National Democratic committee was ever in any way connected with the Standard Oil, and that the Standard Oil was backing the Bryan campaign. This telegram says that President Roosevelt endorsed the charges made against Haskell by Mr. Hearst that Haskell at one time attempted to bribe Frank Monnett, ex-attorney general of Ohio.

The Bryan telegram was prompted by President Roosevelt's utterance of yesterday, when he said the defeat of Taft would bring lasting satisfaction to but one set of men, namely to those men who as shown in the correspondence published by Mr. Hearst were behind Mr. Foraker, the opponent of Mr. Taft, within his own party and who now are behind Governor Haskell and his associates, the opponents of Mr. Taft in the opposite party.

add bryan

Guthrie, Ok Sept 22—Governor Haskell today expressed himself as highly pleased with the defense of Mr. Bryan in answer to the letter from President Roosevelt referring to the Hearst charges against the governor. He said that he had intended making public answer to Hearst but that he considered such action unnecessary. He does not consider it imperative to supplement Mr. Bryan's statement.

"It would be an impropriety for me to answer Hearst after Mr. Bryan so promptly took the matter up," he said. "I thoroughly appreciate the attitude he took the words out of my mouth. Mr. Hearst's position is absurd. He says that I am not worthy of his steel. Then why did he consider me in the light of attacking me. Queer logic."

Mr. Haskell announced that he would leave next week for a campaign tour in Ohio. He will visit his native town Ottawa. I will be gone some time," he said. Unless, of course Dennis Flynn wants another joint debate. He need give me only 48 hours notice and I'll be back.

The governor tonight received a message from national democratic headquarters at Chicago confirming Mr. Bryan's statement. He heard nothing direct from Mr. Bryan himself.

## DROWNED

Seattle Wash, Sept 22—Advices received tonight from Alaska by the U. S. signal corps say that 110 men, including nine whites, were drowned in the wreck of the American bark Star of Bengal on Coronation Island, west of the Prince of Wales archipelago. Twenty-seven of the vessel's crew and passengers were saved.

The Star of Bengal belonged to the Alaska Packers association and was on her way from Fort Wrangel to San Francisco with a cargo of 45,000 cases of salmon.

In addition to her crew she carried 100 Chinese and Japanese who were employed in the canneries of the company, taken aboard at Fort Wrangel.

The Star Bengal was being towed to sea by two tugs and was blown ashore on the west shore of Coronation Island. The tugs were obliged to abandon her in order to save themselves.

## CONFESSES TO MANY CRIMES.

Young Society Man Says He Committed Serious Offenses.

San Francisco Cal, Sept 22—Charles Boyle, a former student at Stanford University, son of Henry Boyle, a millionaire property holder of Seattle and Oakland, and a member of a family conspicuous in the most exclusive circles of San Raphael, it is alleged, has made a confession to a number of crimes committed in Marion county last spring. He admitted that he held up fifteen men at San Raphael and seri-

ously wounded a constable that he attacked a young woman with a club and pursued another and is guilty of many offenses which for a time terrified that usually quiet community.

## FIRES RAGING

Ashland Wis Sept 22—A thousand small fires surround Lakes Superior and Huron and northern Lake Michigan. Captains of vessels arriving from the Minnesota shore give details of many unreported fires in which homesteaders were burned out.

Four miles southwest of Ashland every farmer near the Bayfield road, with their families are fighting fire, hauling water and trying to save their homes. Mrs. Swan Hegstrom, one of the fire fighters, lost her way and had a terrible trip through smoke and fire.

The village of Grand View on the Omaha line near Mason, is cut off from communication its fate being problematical.

Extensive fires are starting up on the Bad River Indian reservation and fire can be seen in all directions.

## CHAIRMAN MACK MAKES DENIAL.

Says That the Democrats Will Not Accept Corporation Money.

New York, N. Y., Sept 22—Norman E. Mack, chairman of the democratic national committee addressed a telegram to President Roosevelt today in which he denied flatly that statement contained in a reported interview between Timothy L. Woodruff, chairman of the republican state committee and the president, which was printed by a local paper today.

The controversy related to Roosevelt's statement regarding \$200,000 alleged to have been turned to the democratic fund from the campaign of 1904.

After dispatching the telegram Chairman Mack said:

I want to say that the democratic national committee has not received \$200,000 before or after I took the office of chairman, nor has Treasurer Haskell or any member of the committee any such sum. Neither the Standard Oil company nor its subsidiary company or officials have contributed one cent nor have they been asked to. Furthermore the national committee will not accept one cent from the Standard Oil Company or any corporation seeking special privileges.

## Farmers State Bank Enlarged

The Directors of this Bank take pleasure in making the announcement to the public that a Savings Department has been added to the Farmers State Bank. We wish in this connection to publicly express our appreciation of the confidence which the business and professional men of Ada and Pontotoc county repose in the management of the bank by transacting their business through this bank.

But we especially invite the attention of the small depositor and those who have no bank account to our Savings Department. Pay all your bills by check. Have you stopped to consider the many advantages of transacting business in this manner? Every check issued by you is returned at the end of each month and is a receipt for money paid. If you have only ONE DOLLAR come to this bank and start a bank account. Small accounts receive the same careful attention as the larger ones. When you think of a bank, remember that the only bank in Ada that guarantees every dollar, and ONE HUNDRED CENTS ON THE DOLLAR, is the

## MEDICAL BILL NOT LOST.

Was Printed in Ada News Office.

Guthrie, Ok., Sept. 22.—Milton Bryan of Shawnee, member of legislature codifying committee, today gave out a statement denying the charge by republican correspondents that the medical practice bill had been lost. He says three thousand copies have been distributed throughout the state. The bill was copied by the codifying committee but was left out by mistake. The error has been corrected. Mr. Bryan characterizes the charges as false.

The medical bill referred to by republican correspondents, as being lost, was printed some time ago by this office and forwarded to the secretary of the medical board.

Get In Jail While After Sweetheart.

Mounds, Ok., Sept. 22.—In quest of his sweetheart, whose father held serious objection to his associating with, James Rambo found a jail cell

awaiting him at Sherman, Tex. He carried a revolver with him, fearing combat with the young lady's father, and was arrested in Sherman on the charge of carrying concealed weapons. Unable to pay a fine of \$100 assessed against him Rambo went to jail.

"I love a young lady who lives in the same community with me and I am sure my love is reciprocated," said Rambo in his cell. "We would have been married some time ago but her father objected and in order to prevent our meeting brought her to Sherman to place her in a boarding school. I came down here in the hope that I might outwit the father and get the girl, intending to get married in Sherman if possible. I had the pistol because I feared her father would not hesitate to shoot me."

## Wild Man at Bartlesville.

Bartlesville, Ok., Sept. 22.—The mysterious man in Black, who is supposed to be insane and roaming the Caney valley between Dewey and Bartlesville, made an attack on Mrs. D. Metcalf and Miss Olga Buck in West Bartlesville last night. Mrs. Metcalf and her guest were sitting on the front porch of the Metcalf home when the man came out of a field of Kaffir corn nearby and ran toward the women. They saw him coming across the yard and began to scream for help. Their cries were answered by F. M. Stewart, a neighbor, who ran to their assistance. When the Man in Black saw Stewart he turned and ran back toward Caney river. Stewart followed him a short distance, but was unable to overtake him.

## Elopes With Young Girl.

Keota, Ok., Sept. 22.—The 15-year-old daughter of John H. Smalle has been missing since Saturday and the father believes that she has eloped with John Bryant, 40 years old. A search is being made by the authorities and the couple are believed to have gone to Oklahoma City.

## THE BIG SHOW.

Sells-Floto Big Circus Arrived Late  
On Account of Damages Received in Storm Last Night.

"Whoopie! She's shore here, boys. Have you seen the elephant?" Yelled a kid who had come in from the country to see the circus. And the show is here, but on account of a terrific storm at Holdenville last evening, there was occasioned some delay in getting on the cars, and as a consequence, the two long trains of cars did not arrive here until after nine o'clock. A gentle rain was falling when they arrived, but the work of unloading was begun immediately, and in a very short time the show grounds began to look very much alive.

As the evening performance ended at Holdenville last night, the storm came upon the people preferred the shelter of the tent to the rain and wind outside, insisted upon staying, and were enveloped in the huge canvass when the gust of wind struck. A showman had a limb wrenched, and several spectators were injured, but none seriously. The damage to the tent was quite serious.

Because of the general delay in the arrival, etc., the parade did not occur until 1:30 at which time the streets were literally lined with thing better behind.

people. The crowd is not near so large, however, as was expected, as the threatening weather kept many country people away. The town people are out though, everyone of them.

The evening performance will occur at 8 p. m.

Considering the time of the season and unpropitious weather, the Messrs. Sells-Floto gentlemen will take from Ada a good swag, but they will leave behind remembrances among the grown ones as well as the children, which will count more than the measly dollars taken.

These big shows are great equalizers. When they come, the whole people become kin. The whiskey peddler and the minister, the great moralists and the drunkards, the banker and the poor fool with an overdraft, all sit side by side and for a time being purify their hearts in forgetfulness of who is poorer and richer and better than thou. It is the sight of the usual and the laugh that comes from the way down part of the heart, that part that remains as in child life, which brings the unalloyed laughter, that without deception and which after the price of a ticket is gone, leaves something better behind.

## How to Get Strong.

P. J. Daly, of 1247 W. Congress St., Chicago, tells of a way to become strong: He says: "My mother, who is old and was very feeble, is deriving so much benefit from Electric Bitters that I feel it's my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints.

## Deafness Cannot Be Cured

by local applications, as they cannot reach the disease portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

## Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac or Heart Nerve—simply needs, and must have, more power, more strength, more controlling, more governing strength. Without that the heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, debilitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds up strength; it offers real, genuine heart help. If you would have strong hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

NO HARD STRUGGLE.

Many An Ada Citizen Finds the Struggle Hard.

With a back constantly aching, With distressing urinary disorders, Daily existence is but a struggle. No need to keep it up. Doan's Kidney Pills will cure you. Ada people endorse this claim: Mrs. Chas. Barrier, living on West 7th and Cherry Sts., Ada, Ok., says: "For a long time my husband was troubled with severe pains through the small of his back. Occasionally he had such sharp twinges that he could hardly refrain from crying out. Bending and straightening, would always intensify his suffering. The kidney secretions were also irregular in action. These symptoms led him to believe that his kidneys were disordered and learning of Doan's Kidney Pills, he procured a box at G. M. Ramsey's drug store. He took them according to directions, and the trouble entirely disappeared. He has had no return of kidney complaint since, and consequently thinks very highly of Doan's Kidney Pills." For sale by all dealers. Price 50 cents. Foster-McIlburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Despondent Girl Takes Own Life.  
Perry, Ok., Sept. 22.—Miss Grace Crawford, aged 21, committed suicide here yesterday afternoon by shooting herself through the heart with a 32 calibre revolver. The deed is said to have been committed in a fit of despondency caused by brooding over the death of her mother, which occurred recently. She held the muzzle of the revolver directly over her heart, as could be seen by the powder burns caused by the discharge of the weapon.

# REPUBLICANS ARE SCARED

POPULARITY OF BRYAN AND THE  
DRIFT IN HIS DIRECTION  
CAUSE GREAT ALARM

## PARTY PRECEDENTS ARE ALL ABANDONED

Announcement that Taft Will Go On  
the Stump Instead of Following the  
Policy of McKinley is a Confession  
of Weakness

In 1896 when Mr. Bryan was a candidate for president, the republican newspapers all over the country ridiculed him for making a speaking campaign, declaring that to go before his fellow countrymen and personally express his views on public questions was undignified in a presidential candidate. Columns were written about the dignified and statesmanlike manner in which William McKinley received the visiting delegations from over the nation, speaking only from his front porch in Canton, Ohio.

In the opening of the present campaign, the republicans announced that the dignified, statesmanlike policy of McKinley would be the role of candidate Taft. Ample preparations were made at the Taft home in Cincinnati to accommodate the thronging thousands on the front lawn. The thousands failed to come. The blue grass and shrubbery in the Taft front yard remained absolutely unmolested by the plebian heels of the American electorate. The republican campaign managers bethought themselves of Mahomet and his one time experience with a mountain. If the free and independent American voters will not come to the mountain of Lesh and aristocracy whom Roosevelt has designated as his heir apparent, then, forsooth, they will take the mountain to the voters.

Past party precedents count for nothing. Dignified statesmanship fails to draw public acclaim this year and the republican managers in the fact of apparent defeat, are staking the entire campaign on a last desperate chance. They are going to bring forth their Fetish and expose him to the eyes of the vulgar populace, with the hope that his massive form and genial countenance will inspire the confidence which his record of past political performance has failed to arouse with the voters.

### SPECIALIST OR NOVICE

Who is best fitted to put into effect the reforms which the people of the United States are demanding in governmental affairs? The man who has advocated these reforms for the past twelve years, and has done more than any individual to bring the people to see the necessity of such reforms, or the man who didn't discover until after he was nominated for president that there were any reforms needed?

Bryan has been advocating the income tax for fifteen years. He has favored the direct election of United States senators for twelve years. He has preached publicity of campaign contributions in every state in the union for eight years. He has opposed Government by injunction and the unjust interference of the federal courts in labor disputes for twelve years.

Taft was nominated by a convention which refused by a vote of ten to one to adopt a plank favoring the direct election of United States senators, and Mr. Taft himself has not yet fully made up his mind on this question, but says in his letter of acceptance that he is "inclined to favor the idea."

The republican platform rejected a campaign contribution publicity plank by a vote of ten to one, but Mr. Taft says he thinks it might be all right to tell where they got the money—after the election. Mr. Bryan has directed his campaign manager to publish a full and complete list of all contributions and expenditures of the national committee at least ten days before the election.

Taft, while on the federal bench, rendered an opinion which gave him the nickname of "Injunction Bill," and this opinion is generally conceded to be the father of government by injunction in the United States. He reiterated the idea expressed in that opinion, on August 24, 1907, when he said in his speech at Oklahoma City, "but it is said that it denies to the workman, the man who is enjoined, the right of a trial by jury. It does not deny him anything of the sort; he never was entitled to the right of a trial by jury in an equity case."

### POOR MEN LOOK TO BRYAN.

John W. Hall, writing to the New York World, has the following to say as to his political views:

"Four years ago I voted for Roosevelt, but today Bryan is the man who stands for the rights of all the people. He has finally risen to the heights of the true and new Democracy and the champion of the old. The poor man has not had a friend in the white house since Lincoln died; today he looks to Bryan.

"'Tis many a day since Lincoln died But now today hope, angel eyed, Sits down beside the poor man's door;

Today springs promise in the west, Springs like a flower from prairie sod;

Emblem of truth on his broad breast, On the broad brow the sign of God."

The old chestnut was exploded about the first of November of last year when the worst panic in the history of the country was precipitated after eleven years of unbroken Republican control of every branch of the national government.

Mr. Bryan is a democrat in the broadest sense of the word. He believes in the people. He feels that they may be trusted. He commended the Initiative and Referendum in the Oklahoma constitution and suggested the motto, "Let the people rule."

How about that Republican full dinner pail? Have they got it busy feeding the twenty-two thousand skilled mechanics which Senator Joe Foraker declared the other day in a public speech were out of employment in the city of Cincinnati alone.

Many Oklahoma democrats who have been voters for years will have their first opportunity this fall to cast a ballot for president of the United States. They are going to do it too, and despite the attempts of the republican campaign managers to keep down interest, the democratic vote in Oklahoma will be increased this year instead of diminished.

From this trend of mind, Mr. Bryan, in considering the bank deposit guaranty law, is naturally impelled to study the question from the view point of the man outside the teller's window. He realizes that it would be a good thing to have a law which would prevent the depositors of any bank from losing all their hard earned savings in a bank failure. He believes that it would be better to have the burden of the bank losses to fall on the men who profit by the business and for that reason, he favors the guaranty law.

Bryan has been the best friend that Oklahoma ever had. Throughout the entire country, they refer to Oklahoma as "Bryan's Baby State." Bryan doesn't deny the percentage, and misses no opportunity to express his pride in Oklahoma and her democratic government. Oklahoma democrats will be given their first opportunity this fall to repay Mr. Bryan for what he has done for Oklahoma. Every democrat worthy of the name will go to the polls at any sacrifice in order to make absolutely certain and sure that Oklahoma's seven electoral votes will be cast for the "Great Commoner."

Ninety-eight out of every hundred voters in Oklahoma believe in the bank deposit guaranty law. Its practical operation in Oklahoma for more than six months has demonstrated its feasibility, and yet the Republican newspapers and Republican campaign managers are now attacking the law, declaring that it doesn't really afford protection to the depositors. The solution to this is easy. Joe Norris wants money for the National Republican committee to re-elect Bird McGuire to congress in the First District. The national Republican committee want some ingeniously contrived lies discrediting the bank deposit guaranty idea. There's the solution in a nutshell.

### BETRAYING OKLAHOMA

In their mad zeal to defend the national republican platform and the republican candidate for president, the partisan republican newspapers of Oklahoma are traducing and vilifying the laws and government of their own state. An instance in point is an article in the Oklahoma State Capital opposing the bank deposit plank of the national democratic platform, in the course of which the following language is quoted from the Aurora, Illinois, Beacon:

"Oklahoma! Why shouldn't Bryan stick to her? She gave him the deciding vote that swept him from a small newspaper job into a position of affluence. She provided him the opportunity to let loose his floods of oratory upon the eighty million people of the United States instead of a few hundred delegates at a national party convention. To-day she looks to him as the soul of her body, the fount of all her blessings, the man who provided the wind for her sails up the stream of paternal government."

"Mr. Bryan's bank guaranty ideas are suitable to business conditions in Oklahoma whose population is largely half-breed Indians and negroes."

What do the people of Oklahoma think of a political party whose newspapers and speakers have to resort to such villainous misrepresentations of the entire population of a state in order to bolster up their waning cause? How infinitely more execrable the newspaper of Oklahoma that would reproduce this vicious calumny.

### ORDINANCE NO. 149.

An Ordinance Relating to Sidewalks and Sidewalk Building in the City of Ada.

Be it Ordained by the Mayor and Councilmen of the City of Ada:

Section 1. All sidewalks hereafter constructed upon the streets or avenues of the city of Ada, shall be of brick or concrete. If brick is used, the same shall be of good semi-vitrified brick and laid in broken joints, and where the walk does not extend to the curb-line, bricks shall be set up on edges on the inner and outer edges of said walk to retain the same in place. If concrete is used, the materials used in its construction shall be fixed and laid in conformity with the specifications set forth hereinafter. All walks shall be laid flat. In the business districts, the said walks shall extend from curb-line to property line, and in the residence districts, they shall be four feet in width, the exact location of which shall be determined by the city engineer and the sidewalk committee.

Sec. 2. All sidewalks extending to the curb-line, shall be curbed on the outer edge with stone or concrete, said stones or concrete to be not less than five inches thick on top and beveled one inch to the feet in height and shall not be less than one foot in the ground from the bottom of the gutter.

Sec. 3. In excavating for a brick walk, the ground shall be brought to a sub-grade not less than four inches below the finished grade of the walk and said subgrade shall be thoroughly tamped if necessary to afford a solid foundation. Upon this sub-grade shall be spread a course of clean, sharp sand two inches deep, which shall be properly tamped to a true plane parallel with finished grade. Upon this course shall be spread a second course of clear fine sand not less than one-half inch deep in which to bed the brick. Upon the second course of sand a course of brick shall be laid, face up, with joints properly broken, said course of brick to be properly tamped so as to bring same to the finished grade of the curbing.

Sec. 4. In excavating for concrete sidewalks, the ground shall be brought to a sub-grade of not less than four inches below the finished grade of the walks, and said sub-grade shall be thoroughly tamped if necessary to afford a solid foundation. Upon the foundation shall be placed a course of concrete not less than three and one-half inches deep, same to be composed of one part Portland cement, two parts clean sharp sand, and four parts of crushed limestone or gravel, size not less than one-fourth greater than three-fourth inches dimensions. The concrete shall be tamped in a manner satisfactory to the city engineer or assistants under him. The concrete shall be built in sections not to exceed twenty feet superficial area, and the space inside the forms shall be subdivided by a sheet of iron three-eighth inch thick, which shall be withdrawn after the tamping is completed and before the concrete sets, providing expansion room. After proper tamping and while the concrete base is still green, a wearing surface shall be spread over the same to a depth of not less than one-half inch thick, same to be composed of one part Portland cement, and two parts clean, sharp sand. The Portland cement used in the sidewalk construction shall be of good marketable material, acceptable to the city engineer and the sidewalk committee.

Sec. 5. No person, firm or corporation shall put down or construct any sidewalk in the city of Ada, without first having received a permit therefor, from the city clerk, issued and payable in the same manner as other building permits are issued.

Sec. 6. All sidewalks hereafter constructed in the said city shall be built on the grades established by the city engineer; and the said engineer shall have the power to have any sidewalk taken up when the same has not been constructed in conformity therewith.

Sec. 7. The city engineer and the sidewalk committee are hereby authorized to permit plank sidewalks to be constructed over drains, ditches and other water course, where the building of concrete or brick sidewalks is impracticable, the permit issued by the city clerk therefor, to be approved by the said engineer.

Sec. 8. Any person, firm or corporation who shall build or construct any sidewalk in the city of Ada, except in compliance with the specifications and conditions set forth in this ordinance, shall be deemed guilty of a misdemeanor, and upon conviction in the police court, shall be fined in any sum not exceeding fifty dollars.

Sec. 9. That this ordinance shall go into force and effect from and

after its passage, approval and publication.

Passed by the council, this the 21st day of Sept. A. D., 1908.

Approved by the Mayor this, the 21st day of Sept. A. D., 1908.

GEO. A. HARRISON, Mayor.  
Attest: W. B. JONES, City Clerk.

### ORDINANCE NO. 150.

An Ordinance Creating and Establishing a Special Engineering Fund in the City of Ada.

Be it Ordained by the Mayor and Councilmen of the City of Ada: Section 1. That a special fund to be called the "Engineering Fund" is hereby created and established in and for the city of Ada, Okla., the same to be used in the payment of the expenses incurred by the engineering department of the said city.

Sec. 2. That as a basis for the foregoing and aforesaid fund, there shall be charged a commission of two and one-half (2 1-2) per cent on the total estimated cost of all public contracts made by the city of Ada, which said commission shall be paid by the contractor undertaking to do the work, and which shall be deposited with the city treasurer to be used in defraying the expenses of the city engineer's salary, and for other and proper expenses of the engineering department; that all sidewalk contractors shall be charged two cents per lineal foot on all sidewalk put down by them, which said amount shall be paid to the city treasurer and by him placed to the credit of the engineering fund aforesaid to be used as aforesaid.

Sec. 3. That as an additional source of revenue to the said fund, the city engineer shall be paid for work done in said city, as follows:

Surveying and staking at corners of 50-foot lots, \$5.00, and each additional lot \$1.00. Giving sidewalk grade at several corners of blocks, \$1.00. All other miscellaneous work at \$2.00 per hour.

Sec. 4. That it shall be unlawful for any contractor to enter into the execution of any public contract, and for any sidewalk contractor to lay any sidewalk, without first having paid the fees, or commissions, as set forth herein. Any person, firm or corporation violating any provision of this ordinance, shall be deemed guilty of a misdemeanor and shall be fined in any sum not exceeding fifty dollars.

Sec. 5. That this ordinance shall go into force and effect from and after its passage, approval and publication.

Passed by the council this, the 21st day of Sept. 1908.

Approved by the Mayor, this the 22nd day of Sept. 1908.

GEO. A. HARRISON, Mayor.  
Attest: W. B. JONES, City Clerk.

ADA, OKLAHOMA, WEDNESDAY EVENING, SEPTEMBER 23, 1908

NUMBER 149

## SEVERE STORM

El Reno, Ok, Sept 22—The hardest wind, rain and hail storm in years passed over this section between 8:30 and 9 o'clock tonight. Damage to property is confined to El Reno, so far as reported, and consists principally of the destruction of small buildings, tents and other property belonging to the Parker Amusement company, which opened here yesterday as a feature of the home products show. The damage is approximately \$10,000.

Tents, poles, lumber, fixtures and paraphernalia were swept along the

streets to swoop upon the city in an instant and without warning. A blinding torrent of rain and a fusillade of hail accompanied. Several thousand people were on the streets when the storm began. Hundreds were drenched before they could reach shelter and a few were injured by pelting hail stones.

### Gun Explodes on French Battleship.

Toulon, France, Sept 22—During gunnery drill today one of the big turret guns on the French armored cruiser La Touche Treville exploded with terrific violence, completely wrecking the after turret and killing outright the entire gun crew of 13 men. A number of men were seriously injured, some of them fatally.

## BRYAN TO ROOSEVELT

Detroit, Mich, Sept 22—William J. Bryan this afternoon telegraphed President Roosevelt, demanding that he furnish proof that Governor Haskell of Oklahoma, treasurer of the National Democratic committee was ever in any way connected with the Standard Oil, and that the Standard Oil was backing the Bryan campaign. These telegrams says that President Roosevelt endorsed the charges made against Haskell by Mr. Hearst that Haskell at one time attempted to bribe Frank Monnett, ex-attorney general of Ohio.

The Bryan telegram was prompted by President Roosevelt's utterance of yesterday, when he said the defeat of Taft would bring "lasting satisfaction to but one set of men, namely to those men who as shown in the correspondence published by Mr. Hearst, were behind Mr. Foraker, the opponent of Mr. Taft, within his own party and who now are behind Governor Haskell and his associates, the opponents of Mr. Taft in the opposite party."

add Bryan

Guthrie, Ok, Sept 22—Governor Haskell today expressed himself as highly pleased with the defense of Mr. Bryan in answer to the letter from President Roosevelt referring to the Hearst charges against the governor. He said that he had intended making public answer to Hearst but that he considered such action unnecessary. He does not consider it imperative to supplement Mr. Bryan's statement.

"It would be an impropriety for me to answer Hearst after Mr. Bryan so promptly took the matter up," he said. "I thoroughly appreciate the attitude. He took the words out of my mouth. Mr. Hearst's position is absurd. He says that I am not worthy of his steel. Then why did he consider me in the light of attacking me. Queer logic."

Mr. Haskell announced that he would leave next week for a campaign tour in Ohio. He will visit his native town Ottawa. "I will be gone some time," he said, "unless, of course Dennis Flynn wants another joint debate. He need give me only 48 hours notice and I'll be back."

The governor tonight received a message from national democratic headquarters at Chicago confirming Mr. Bryan's statement. He heard nothing direct from Mr. Bryan himself.

## DROWNED

Seattle, Wash, Sept 22—Advises received tonight from Alaska by the U. S. signal corps say that 110 men, including nine whites, were drowned in the wreck of the American bark Star of Bengal on Coronation Island, west of the Prince of Wales archipelago. Twenty-seven of the vessel's crew and passengers were saved.

The Star of Bengal belonged to the Alaska Packers' association and was on her way from Fort Wrangel to San Francisco with a cargo of 45,000 cases of salmon.

In addition to her crew she carried 100 Chinese and Japanese who were employed in the canneries of the company, taken aboard at Fort Wrangel.

The Star Bengal was being towed to sea by two tugs and was blown ashore on the west shore of Coronation Island. The tugs were obliged to abandon her in order to save themselves.

### CONFESSES TO MANY CRIMES.

Young Society Man Says He Committed Serious Offenses.

San Francisco, Cal, Sept 22—Charles Boyle, a former student at Stanford University, son of Henry Boyle, a millionaire property holder of Seattle and Oakland, and a member of a family conspicuous in the most exclusive circles of San Raphael, it is alleged, has made a confession to a number of crimes committed in Marion county last spring. He admitted that he held up fifteen men at San Raphael and seri-

ously wounded a constable, that he attacked a young woman with a club and pursued another and is guilty of many offenses which for a time terrified that usually quiet community.

## FIRES RAGING

Ashland, Wis, Sept 22—A thousand small fires surround Lakes Superior and Huron and northern Lake Michigan. Captains of vessels arriving from the Minnesota shore give details of many unreported fires in which homesteaders were burned out.

Four miles southwest of Ashland every farmer near the Bayfield road, with their families, are fighting fire, hauling water and living to save their homes. Miss Swan Hegstrom, one of the fire fighters, lost her way and had a terrible trip through smoke and fire.

The village of Grand View on the Omaha line, near Mason, is cut off from communication. Its fate being problematical.

Extensive fires are starting up on the Bad River Indian reservation and fire can be seen in all directions.

### CHAIRMAN MACK MAKES DENIAL.

Says That the Democrats Will Not Accept Corporation Money.

New York, N. Y., Sept 22—Norman E. Mack, chairman of the democratic national committee addressed a telegram to President Roosevelt today in which he denied flatly that statement contained in a reported interview between Timothy L. Woodruff, chairman of the republican state committee and the president, which was printed by a local paper today.

The controversy related to Roosevelt's statement regarding \$300,000 alleged to have been turned to the democratic fund from the campaign of 1904.

After dispatching the telegram Chairman Mack said:

I want to say that the democratic national committee has not received \$300,000 before or after I took the office of chairman, nor has Treasurer Haskell or any member of the committee any such sum. Neither the Standard Oil company nor its subsidiary company or officials have contributed one cent nor have they been asked to. Furthermore the national committee will not accept one cent from the Standard Oil company or any corporation seeking special privileges."

### Wild Man at Bartlesville.

Bartlesville, Ok., Sept. 22.—The mysterious man in Black, who is supposed to be insane and roaming the Caney valley between Dewey and Bartlesville, made an attack on Mrs. D. Metcalf and Miss Olga Duck in West Bartlesville last night. Mrs. Metcalf and her guest were sitting on the front porch of the Metcalf home when the man came out of a field of Kaffir corn nearby and ran toward the women. They saw him coming across the yard and began to scream for help. Their cries were answered by P. M. Stewart, a neighbor, who ran to their assistance. When the Man in Black saw Stewart he turned and ran back toward Caney river. Stewart followed him a short distance, but was unable to overtake him.

## THE BIG SHOW HERE

Sells-Floto Big Circus Arrived Late  
On Account of Damages Received in Storm Last Night.

"Whoopie! She's shore here, boys. Have you seen the elephant?" Yelled a kid who had come in from the country to see the circus. And the show is here, but on account of a terrific storm at Holdenville last evening, there was occasioned some delay in getting on the cars, and as a consequence, the two long trains of cars did not arrive here until after nine o'clock. A gentle rain was falling when they arrived, but the work of unloading was begun immediately, and in a very short time the show grounds began to look very much alive.

As the evening performance ended at Holdenville last night, the storm came upon the people preferred the shelter of the tent to the rain and wind outside, insisted upon staying, and were enveloped in the huge canvass when the gust of wind struck. A showman had a limb wrenched, and several spectators were injured, but none seriously. The damage to the tent was quite serious.

Because of the general delay in the arrival, etc., the parade did not occur until 1:30 at which time the streets were literally lined with

people. The crowd is not near so large, however, as was expected, as the threatening weather kept many country people away. The town people are out though, everyone of them.

The evening performance will occur at 8 p. m.

Considering the time of the season and unpropitious weather, the Messrs. Sells-Floto gentlemen will take from Ada a good swag, but they will leave behind remembrances among the grown ones as well as the children, which will count more than the measly dollars taken.

These big shows are great equalizers. When they come, the whole people become kin. The whiskey peddler and the minister, the great moralists and the drunkards, the banker and the poor fool with an overdraft, all sit side by side and for a time being purify their hearts in forgetfulness of who is poorer and richer and better than thou. It is the sight of the usual and the laugh that comes from the way down part of the heart, that part that remains as in child life, which brings the unalloyed laughter, that without deception and which after the price of a ticket is gone, leaves something better behind.

### How to Get Strong.

P. J. Daly, of 1217 W. Congress St., Chicago, tells of a way to become strong: He says: "My mother, who is old and was very feeble, is deriving so much benefit from Electric Bitters, that I feel it's my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints.

### Deafness Cannot Be Cured

by local applications, as they cannot reach the disease portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

## Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds, it strengthens; it offers real, genuine heart help. If you would have strong hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

NO HARD STRUGGLE.  
Many An Ada Citizen Finds the Struggle Hard.

With a back constantly aching, With distressing urinary disorders, Daily existence is but a struggle. No need to keep it up. Doan's Kidney Pills will cure you. Ada people endorse this claim: Mrs. Chas. Barrier, living on West 7th and Cherry Sts., Ada, Ok., says: "For a long time my husband was troubled with severe pains through the small of his back. Occasionally he had such sharp twinges that he could hardly refrain from crying out. Bending and straightening would always intensify his suffering. The kidney secretions were also irregular in action. These symptoms led him to believe that his kidneys were disordered and learning of Doan's Kidney Pills, he procured a box at G. M. Ramsey's drug store. He took them according to directions, and the trouble entirely disappeared. He has had no return of kidney complaint since, and consequently thinks very highly of Doan's Kidney Pills." For sale by all dealers. Price 50 cents. Despondent Girl Takes Own Life. Perry, Ok., Sept. 22.—Miss Grace Crawford, aged 21, committed suicide here yesterday afternoon by shooting herself through the heart with a 32 calibre revolver. The deed is said to have been committed in a fit of despondency caused by brooding over the death of her mother, which occurred recently. She held the muzzle of the revolver directly over her heart, as could be seen by the powder burns caused by the discharge of the weapon.

# REPUBLICANS ARE SCARED

POPULARITY OF BRYAN AND THE  
DRIFT IN HIS DIRECTION  
CAUSE GREAT ALARM

## PARTY PRECEDENTS ARE ALL ABANDONED

Announcement that Taft Will Go On  
the Stump Instead of Following the  
Policy of McKinley is a Confession  
of Weakness

In 1896 when Mr. Bryan was a candidate for president, the republican newspapers all over the country ridiculed him for making a speaking campaign, declaring that to go before his fellow countrymen and personally express his views on public questions was undignified in a presidential candidate. Columns were written about the dignified and statesmanlike manner in which William McKinley received the visiting delegations from over the nation, speaking only from his front porch in Canton, Ohio.

In the opening of the present campaign, the republicans announced that the dignified, statesmanlike policy of McKinley would be the role of candidate Taft. Ample preparations were made at the Taft home in Cincinnati to accommodate the thronging thousands on the front lawn. The thousands failed to come. The blue grass and shrubbery in the Taft front yard remained absolutely unmolested by the plebeian heels of the American electorate. The republican campaign managers bethought themselves of Mahomet and his one time experience with a mountain. If the free and independent American voters will not come to the mountain of flesh and aristocracy whom Roosevelt has designated as his heir apparent, then, forsooth, they will take the mountain to the voters.

Past party precedents count for nothing. Dignified statesmanship fails to draw public acclaim this year and the republican managers in the fact of apparent defeat, are staking the entire campaign on a last desperate chance. They are going to bring forth their Fitch and expose him to the eyes of the vulgar populace, with the hope that his massive form and genial countenance will inspire the confidence which his record of past political performance has failed to arouse with the voters.

### SPECIALIST OR NOVICE

Who is best fitted to put into effect the reforms which the people of the United States are demanding in governmental affairs? The man who has advocated these reforms for the past twelve years, and has done more than any individual to bring the people to see the necessity of such reforms, or the man who didn't discover until after he was nominated for president that there were any reforms needed? Bryan has been advocating the income tax for fifteen years. He has favored the direct election of United States senators for twelve years. He has preached publicity of campaign contributions in every state in the union for eight years. He has opposed Government by injunction and the unjust interference of the federal courts in labor disputes for twelve years.

Taft was nominated by a convention which refused by a vote of ten to one to adopt a plank favoring the direct election of United States senators, and Mr. Taft himself has not yet fully made up his mind on this question, but says in his letter of acceptance that he is "inclined to favor the idea."

The republican platform rejected a campaign contribution publicity plank by a vote of ten to one, but Mr. Taft says he thinks it might be all right to tell where they got the money—after the election. Mr. Bryan has directed his campaign manager to publish a full and complete list of all contributions and expenditures of the national committee at least ten days before the election.

Taft, while on the federal bench, rendered an opinion which gave him the nickname of "Injunction Bill," and this opinion is generally conceded to be the father of government by injunction in the United States. He reiterated the idea expressed in that opinion, on August 24, 1907, when he said in his speech at Oklahoma City, "but it is said that it denies to the workman, the man who is enjoined, the right of a trial by jury. It does not deny him anything of the sort; he never was entitled to the right of a trial by jury in an equity case."

POOR MEN LOOK TO BRYAN.  
John W. Hall, writing to the New York World, has the following to say as to his political views:

"Four years ago I voted for Roosevelt, but today Bryan is the man who stands for the rights of all the people. He has finally risen to the heights of the true and new Democracy and the champion of the old. The poor man has not had a friend in the white house since Lincoln died; today he looks to Bryan.

"Tis many a day since Lincoln died. But now today hope, angel eyed, sits down beside the poor man's door; Today springs promise in the west, Springs like a flower from prairie sod; Emblem of truth on his broad breast, On the broad brow the sign of God."

The old chestnut was exploded about the first of November of last year when the worst panic in the history of the country was precipitated after eleven years of unbroken Republican control of every branch of the national government.

Mr. Bryan is a democrat in the broadest sense of the word. He believes in the people. He feels that they may be trusted. He commended the Initiative and Referendum in the Oklahoma constitution and suggested the motto, "Let the people rule."

How about that Republican full dinner pail? Have they got it busy feeding the twenty-two thousand skilled mechanics which Senator Joe Foraker declared the other day in a public speech were out of employment in the city of Cincinnati alone.

Many Oklahoma democrats who have been voters for years will have their first opportunity this fall to cast a ballot for president of the United States. They are going to do it too, and despite the attempts of the republican campaign managers to keep down interest, the democratic vote in Oklahoma will be increased this year instead of diminished.

From this trend of mind, Mr. Bryan, in considering the bank deposit guaranty law, is naturally impelled to study the question from the view point of the man outside the teller's window. He realizes that it would be a good thing to have a law which would prevent the depositors of any bank from losing all their hard earned savings in a bank failure. He believes that it would be better to have the burden of the bank losses to fall on the men who profit by the business and for that reason, he favors the guaranty law.

Bryan has been the best friend that Oklahoma ever had. Throughout the entire country, they refer to Oklahoma as "Bryan's Baby State." Bryan doesn't deny the parentage, and misses no opportunity to express his pride in Oklahoma and her democratic government. Oklahoma democrats will be given their first opportunity this fall to repay Mr. Bryan for what he has done for Oklahoma. Every democrat worthy of the name will go to the polls at any sacrifice in order to make absolutely certain and sure that Oklahoma's seven electoral votes will be cast for the "Great Commoner."

Ninety-eight out of every hundred voters in Oklahoma believe in the bank deposit guaranty law. Its practical operation in Oklahoma for more than six months has demonstrated its feasibility, and yet the Republican newspapers and Republican campaign managers are now attacking the law, declaring that it doesn't really afford protection to the depositors. The solution to this is easy. Joe Norris wants money for the National Republican committee to re-elect Bird McGuire to congress in the First District. The national Republican committee want some ingenious contrived lies discrediting the bank deposit guaranty idea. There's the solution in a nutshell.

### BETRAYING OKLAHOMA

In their mad zeal to defend the national republican platform and the republican candidate for president, the partisan republican newspapers of Oklahoma are traducing and vilifying the laws and government of their own state. An instance in point is an article in the Oklahoma State Capital opposing the bank deposit plank of the national democratic platform, in the course of which the following language is quoted from the Aurora, Illinois, Beacon:

"Oklahoma! Why shouldn't Bryan stick to her? She gave him the deciding vote that swept him from a small newspaper job into a position of affluence. She provided him the opportunity to let loose his floods of oratory upon the eighty million people of the United States instead of a few hundred delegates at a national party convention. To-day she looks to him as the soul of her body, the fount of all her blessings; the man who provided the wind for her sails up the stream of paternal government."

"Mr. Bryan's bank guaranty ideas are suitable to business conditions in Oklahoma whose population is largely half-breed Indians and negroes."

What do the people of Oklahoma think of a political party whose newspapers and speakers have to resort to such villainous misrepresentations of the entire population of a state in order to bolster up their waning cause? How infinitely more execrable the newspaper of Oklahoma that would reproduce this vicious calumny.

ORDINANCE NO. 130.

An Ordinance Relating to Sidewalks and Sidewalk Building in the City of Ada.

Be it Ordained by the Mayor and Councilmen of the City of Ada:

Section 1. All sidewalks hereafter constructed upon the streets or avenues of the city of Ada, shall be of brick or concrete. If brick is used, the same shall be of good semi-vitrified brick and laid in broken joints, and where the walk does not extend to the curb-line, bricks shall be set up on edges on the inner and outer edges of said walk to retain the same in place. If concrete is used, the materials used in its construction shall be fixed and laid in conformity with the specifications set forth hereinafter. All walks shall be laid flat in the business districts, the said walks shall extend from curb-line to property line, and in the residence districts, they shall be four feet in width, the exact location of which shall be determined by the city engineer and the sidewalk committee.

Sec. 2. All sidewalks extending to the curb-line, shall be curbed on the outer edge with stone or concrete, said stones or concrete to be not less than five inches thick on top and beveled one inch to the feet in height and shall not be less than one foot in the ground from the bottom of the gutter.

Sec. 3. In excavating for a brick walk, the ground shall be brought to a sub-grade not less than four inches below the finished grade of the walk and said subgrade shall be thoroughly tamped if necessary to afford a solid foundation. Upon this sub-grade shall be spread a course of clean, sharp sand two inches deep, which shall be properly tamped to a true plane parallel with finished grade. Upon this course shall be spread a second course of clear fine sand not less than one-half inch deep in which to bed the brick. Upon the second course of sand a course of brick shall be laid, face up, with joints properly broken, said course of brick to be properly tamped as to bring same to the finished grade of the curbing.

Sec. 4. In excavating for concrete sidewalks, the ground shall be brought to a sub-grade of not less than four inches below the finished grade of the walks, and said sub-grade shall be thoroughly tamped if necessary to afford a solid foundation. Upon the foundation shall be placed a course of concrete not less than three and one-half inches deep, same to be composed of one part Portland cement, two parts clean sharp sand, and four parts of crushed limestone or gravel, size not less than one-fourth greater than three-fourth inches dimensions. The concrete shall be tamped in a manner satisfactory to the city engineer or assistants under him. The concrete shall be built in sections not to exceed twenty feet superficial area, and the space inside the forms shall be subdivided by a sheet of iron three-eighth inch thick, which shall be withdrawn after the tamping is completed and before the concrete sets, providing expansion room. After proper tamping and while the concrete base is still green, a wearing surface shall be spread over the same to a depth of not less than one-half inch thick, same to be composed of one part Portland cement, and two parts clean, sharp sand. The Portland cement used in the sidewalk construction shall be of good marketable material, acceptable to the city engineer and the sidewalk committee.

Sec. 5. No person, firm or corporation shall put down or construct any sidewalk in the city of Ada, without first having received a permit therefor, from the city clerk, issued and payable in the same manner as other building permits are issued.

Sec. 6. All sidewalks hereafter constructed in the said city shall be built on the grades established by the city engineer; and the said engineer shall have the power to have any sidewalk taken up when the same has not been constructed in conformity therewith.

Sec. 7. The city engineer and the sidewalk committee are hereby authorized to permit plank sidewalks to be constructed over drains, ditches and other water course, where the building of concrete or brick sidewalks is impracticable, the permit issued by the city clerk therefor, to be approved by the said engineer.

Sec. 8. Any person, firm or corporation who shall build or construct any sidewalk in the city of Ada, except in compliance with the specifications and conditions set forth in this ordinance, shall be deemed guilty of a misdemeanor, and upon conviction in the police court, shall be fined in any sum not exceeding fifty dollars.

Sec. 9. That this ordinance shall go into force and effect from and

after its passage, approval and publication.

Passed by the council, this the 21st day of Sept. A. D., 1908.

Approved by the Mayor this, the 21st day of Sept. A. D., 1908.

GEO. A. HARRISON, Mayor.

### ORDINANCE NO. 150.

An Ordinance Creating and Establishing a Special Engineering Fund in the City of Ada.

Be it Ordained by the Mayor and Councilmen of the City of Ada:

Section 1. That a special fund to be called the "Engineering Fund" is hereby created and established in and for the city of Ada, Okla., the same to be used in the payment of the expenses incurred by the engineering department of the said city.

Sec. 2. That as a basis for the foregoing and aforesaid fund, there shall be charged a commission of two and one-half (2 1-2) per cent on the total estimated cost of all public contracts made by the city of Ada, which said commission shall be paid by the contractor undertaking to do the work, and which shall be deposited with the city treasurer to be used in defraying the expenses of the city engineer's salary, and for other and proper expenses of the engineering department; that all sidewalk contractors shall be charged two cents per lineal foot on all sidewalk put down by them, which said amount shall be paid to the city treasurer and by him placed to the credit of the engineering fund aforesaid to be used as aforesaid.

Sec. 3. That as an additional source of revenue to the said fund, the city engineer shall be paid for work done in said city, as follows: Surveying and staking at corners of 50-foot lots, \$5.00, and each additional lot \$1.00. Giving sidewalk grade at several corners of blocks, \$1.00. All other miscellaneous work at \$2.00 per hour.

Sec. 4. That it shall be unlawful for any contractor to enter into the execution of any public contract, and for any sidewalk contractor to lay any sidewalk, without first having paid the fees, or commissions, as set forth herein. Any person, firm or corporation violating any provision of this ordinance, shall be deemed guilty of a misdemeanor and shall be fined in any sum not exceeding fifty dollars.

Sec. 5. That this ordinance shall go into force and effect from and after its passage, approval and publication.

Passed by the council this, the 21st day of Sept. 1908.

Approved by the Mayor, this the 22nd day of Sept. 1908.

GEO. A. HARRISON, Mayor.

Attest: W. B. JONES, City Clerk.
